

# Weekly Report

---

2017.12.18-2017.12.24

## Done

- Finish reading 2 papers, "Curve Density Estimates" and "The VolumePro Real-Time Ray-Casting System".
- Collect the papers that cited "The VolumePro Real-Time Ray-Casting System" and scan their abstract together with Pan Jiacheng.
- Do some modification of d3 force on Privacy Visualization project

## Todo

- Keep going on the "privacy" project
- Doing more research on related papers about Volume visualization
